Nightclub Group Class

March 2nd - 23rd

Commit to improve your dancing! Register today!

6:30 - 7:30p Fundamental Nightclub

Take this class to learn fundamental Nightclub techniques and patterns. Learn to travel and rotate patterns comfortably. Followers learn to style with beautiful arm movements! Take your Nightclub to a higher level...by working on the fundamentals of footwork, movement, and partnering specific to Nightclub. This class is for all levels.

7:30 - 8:00p Music and Practice

8:00 - 9:00p Intermediate Nightclub

Learn more advanced rotation and traveling patterns. There will be a greater emphasis on arm styling and body shaping - for followers and leaders alike! New patterns will be taught along with a review of some patterns from prior sessions. Practice and improve your nightclub by taking this class repeatedly. Reisa's presentation of detail and technique rivals what you would get in a private lesson!

9:00 - 9:15p Music, Practice, & Questions

What if I've taken classes in this dance previously? Reisa recommends that dancers take fundamental level classes several times prior to moving to intermediate classes. It takes a few sessions to really begin to understand and dance the patterns well to music...and you'll be surprised at how much helpful technical information you didn't hear the first time! Also, in all classes, dancers who are ready for more difficult material will be given individual, goal-oriented tasks - styling and techniques - to help them to continue to learn and improve.

What is the cost and how do I register? The price for each class is shown below. A discount applies if you pre-register by mail or take both classes. It is not necessary to sign up with a partner: Reisa will rotate the class often. (Drop-ins are okay, but if you let Reisa know you are coming, at least by email, she'll let you know if the class is cancelled for any reason!)
