Country Two Step Group Class

March 5th - 26th

Commit to improve your dancing! Register today!

6:30 - 7:30p Fundamental Country Western Two Step

You've always wanted to learn Country Western Two Step! Take this class to learn fundamental techniques and patterns. Mastering these techniques along with the beginning to intermediate level patterns is important as a foundation for more difficult patterns. Learn turn, wrap, sweetheart patterns and many more. Through the use of frame and connection, learn to lead these patterns socially and to follow successfully. Learn turn techniques to improve all of your dances! This class is for all levels.

7:30 - 8:00p Music and Practice

8:00 - 9:00p Intermediate Country Western Two Step

Learn more challenging patterns which are the essence of two step, such as wrist slip, lariat, outside lace, and tandem turn patterns. There will be a review and greater emphasis on turn technique and also arm styling for followers.

9:00 - 9:15p Music, Practice, & Questions

What if I've taken classes in this dance previously? Reisa recommends that dancers take fundamental level classes several times prior to moving to intermediate classes. It takes a few sessions to really begin to understand and dance the patterns well to music...and you'll be surprised at how much helpful technical information you didn't hear the first time! Also, in all classes, dancers who are ready for more difficult material will be given individual, goal-oriented tasks - styling and techniques - to help them to continue to learn and improve.

What is the cost and how do I register? The price for each class is shown below. A discount applies if you pre-register by mail or take both classes. It is not necessary to sign up with a partner: Reisa will rotate the class often. (Drop-ins are okay, but if you let Reisa know you are coming, at least by email, she'll let you know if the class is cancelled for any reason!)
